Pete,

With respect to **ME83-87** and **MEB02-12**, both of which I would like to include on the public side of the docket, there is a **copyright notation** at the bottom of page 1 on both documents (both attached). Could you please provide a “clean copy” of page 1 for both, or authorization from Textron that I have permission to include both on the public side of the docket.

Thanks,

Tom
