Date: 06/19/2018

Person Contacted: Merlod Thompson Phone: [REDACTED]

NTSB Accident Number: WPR18LA151

Narrative:

Mrs. Thompson and her family were on the beach at Yeomalt Point when she observed a low-flying airplane. She thought the airplane was going to fly just above the water skimming it and perform a loop. However, the airplane continued toward the water. One of her family members told her that it looked like the airplane had flipped over after it impacted the water. The witness stated that they called 911 at 1705.
