Tail section

NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Upon taking off from JST normal operation until leveling off at 7,500 msf. Noted airspeed slow - usually 160 knots but 130 indicated. Then noted no amber light for gear up indication. Visual inspection verified gear not up. Next 20 minutes tried to bring gear up as gear down and locked. Not successful. Attempt to lower gear with manual pump not successful. Called in to Lewis Tower emergency and planned for a gear up landing. Executed gear up landing with very little damage.
