Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Significant damage to fuselage, both wings, gear, engine, propeller.

No damage to other property.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

The pilot of N1979P has no recollection of the events on the day of the accident. This narrative, therefore is based on the observations of witnesses who observed the accident.

On June 21st at about 12:00 PM MDT, a flight of three aircraft, two Carbon Cubs and a Super Cub, flew from Cabin Creek airstrip to the Dewey Moore airstrip on the Big Creek drainage in the Frank Church Wilderness in Idaho. After the two Carbon Cubs landed and were secured, the Super Cub approached the strip from the east. Prior to landing, the Super Cub applied power and pitched up and began to climb approximately parallel to the river and upstream. The airplane began a turn to the left and soon after appeared to stall and descended rapidly and impacted the ground. The witnesses immediately ran to the airplane and administered first aid to the pilot.

RECOMMENDATION (How could this accident/incident have been prevented?)
