

RECORD OF EMAIL

Albert P. Nixon
Senior Aviation Accident Investigator
Western Pacific Region

Date: January 25, 2021
Person Contacted: Ryan Armenta (FAA Aviation Safety Inspector)
NTSB Accident Number: WPR18LA205

Narrative:

On an email from Ryan Armenta (FAA), the following is a summary of what he stated:

- His investigation did reveal that the aircraft was overweight.
- He spoke to several witnesses who were at the scene of the crash.
- The witnesses told him that the accident pilot filled up a truck bed with belongings from the aircraft.
- Most notably were wooden crates of Haas avocados.
- The pilot confirmed to him that he had a substantial amount of cargo onboard for his flight to Washington state.
- The pilot informed him that he did not calculate a weight and balance for the flight.
