Date: September 12, 2018
Person Contacted: Mr. Robert Nance, FAA, Helena
Flight Standards District Office

NTSB Accident Number: WPR18LA216

Narrative: The following is an excerpt from an email received from Robert Nance:

Good afternoon

Just got off the phone with Cliff Carpenter at the Helena FSDO.

He said that he observed the maintenance on N57477 for the installation and servicing of the Left-hand brake line.

Functional check of the Left Brake system was normal. No abnormal issues were observed.

They removed the puck from the brake assembly and no abnormalities were observed.
