

RECORD OF EMAIL

Albert Nixon
Senior Aviation Accident Investigator
Western Pacific Region

Date: May 13, 2021
Person Contacted: Joseph Gregor (NTSB Electronic Engineer)
NTSB Accident Number: WPR19FA250

Narrative:

In an email from Joseph Gregor, NTSB Electronic Engineer, the following is a summary:

- Looks like the airplane was flying about 400 ft over the water.
- I did not scrub the whole flight, but it looks like he did get within 300 ft of the terrain in a few spots.
- Note that his actual position may be displaced by as much as 50-100 ft laterally from the reported point.
