Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

We don't know exactly what happened. However, this is what we know.

They went to KHND in the morning. They contacted the other chief instructor, Edoardo Regno that it was too hot, so will wait until evening to come back. That was the last communication to them.

According to news, shortly after taking off KHND, they reported a door was open, then tried to land to close the door. We don't know what happened after that.
