Micheal,

Yes it's got flaps and I went full flaps on the final descent and tried to slow it down as much as possible in the air before touching down

Hi Alex

I don't know if I asked you these Qs yet:

- a. Did your airplane have flaps?
- b. Did you use them for the approach and /or landing?
- c. If so, where/when did you put them out, and to what setting(s)

thanks
