1: "Signature" refers to Signature Flight Support Corporation, or any of its subsidiaries. "Customer" refers to the legal entity for whom the services have been performed. "Airport" refers to the airport at which the services are performed. "Services" refers collectively to any products and services furnished by Signature to Customer.
2: Customer represents that it currently maintains policies of aircraft and commercial general liability insurance with respect to its aircraft, operations and maintenance, as well as, "all risk" type hull insurance on its aircraft and engines. In the event any third party claim is made against Signature Customer's insurance carrier shall provide primary coverage.
3: Customer agrees to indemnify, save and hold harmless Signature and the Airport from and against any and all claims, suits, damages, fines and penalties including all expenses, reasonable attorneys' fees and costs incidental to the defense of any claims arising out of Signature's acts or omissions, or the act or omissions of its directors, officers, employees, agents or assignees in connection with this Agreement, except to the extent such claims arise from the negligence or willful misconduct of Signature.
4: The parties agree that under no circumstances shall Signature be liable to the customer for indirect, incidental, consequential, special or exemplary damages, whether in contract or tort (including strict liability and negligence), such as, but not limited to, loss of revenue, loss of use or anticipated profits, diminution or loss of value, or costs associated with substitution or replacement aircraft.
5: Customer releases Signature from any damages sustained to Customer's aircraft or other personal property as a result of high winds or other adverse weather conditions.
6: In consideration of the Services provided by Signature, Customer agrees to pay all charges incurred for Services provided with respect to the aircraft described on this Agreement while located at the Airport, including reasonable attorneys' fees if collection is required. Signature shall have the right to retain possession of the aforementioned aircraft or its parts as security for the payment of Services.
7: By providing your email address, you authorize Signature Flight Support Corporation to contact you in the future with customer satisfaction surveys and information about products and services available through the BBA Aviation family of companies. Your email address will solely be used by Signature Flight Support Corporation and its affiliate companies within BBA Aviation and will not be shared with any other entity.
