Date: June 6, 2019
Where: Accident Site
Person Contacted: Thomas Hunnicutt (Witness)
NTSB Accident Number: WPR19LA167

I interviewed witness at the accident site, who was parked in a southbound direction at the intersection of 31st and West Deer Valley Road. He stated that he was looking west when he saw the airplane flying south then turn east for Deer Valley Road. As the airplane approached the road, it appeared to bank left to avoid the high-tension power lines paralleling the street, before it impacted 2 light posts and subsequently impacting the ground, where a post impact fire ensued. The witness approached the airplane to help with extricating the pilot.
