Description of Damage to Aircraft and Other Property (Use additional sheet if necessary)

Airplane impacted Nose first in field off end off Grass Strip. Nose of Plane destroyed. Main gear detached. Minor Wing fabric damage. No substantial property damage.

NARRATIVE HISTORY OF FLIGHT (Please type or print in ink)

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and and location, services obtained, and intended destination. Provide as much detail as possible.

This was the first attempted flight with newly completed Homebuilt. A grass strip located just Northwest of the Three Rivers Airport was used. After short "engine warm-up" Taxi, take off was initiated. Airplane lifted off after short Take off roll (approximately $\frac{1}{4}$ of runway). Unfortunately, pilot failed to maintain appropriate pitch attitude and associated airspeed which resulted in a departure stall. Airplane impacted ground in a field just off the end of the grass strip. Pilots unfamiliarity with plane and plane type (Low wing versus highwing) are thought to be factors contributing to the stall.

RECOMMENDATION (How could this accident/incident have been prevented?)

Operator/Owner Safety Recommendation

Pilot should have monitored airspeed more closely.

MECHANICAL MALFUNCTION/FAILURE (If more space is needed, continue on separate sheet)

ADDITIONAL INFORMATION (Please type or print in ink)

Use this space if additional space is needed for any answers.

- The runway information are rough estimates for the grass strip used.
- Although a private pilot certificate was initially earned, all recent flying has been under the Sport pilot rules with driver's License as medical certificate.
