Mr. Rick,

Hello. Hope you are staying safe and healthy with regards to the COVID-19 pandemic. This is certainly unprecedented times.

I read Mr. Anthony Jordan's statement and have nothing of value to add. I concur that it is a true and accurate representation of what transpired on March 31, 2020 at Bermuda Dunes airport. However, I would like to add that I'm not a flight instructor, nor was I operating the aircraft in any capacity. I was simply a passenger taking a flight with my friend, who is the owner of the aircraft. I didn't have my hands on the yoke or my feet on the rudder pedals at any time during the operation of the aircraft.

Thank you, sir.

Sincerely,
Tucker Axum
