NAME(S) OF PERSON(S) CONTACTED OR IN CONFERENCE AND LOCATION Lisa Ruff [REDACTED]		ROUTING	
		SYMBOL	INITIALS
SUBJECT Potential witness to aircraft accident near American Falls, ID on 10/25/2019.			
DIGEST Lisa stated that on Friday, October 25th at approximately 11:00am local time she was traveling southbound on Aberdene Highway between Aberdene and American Falls, ID. She stated that in the are of Spring Hollow and Center Pleasant Valley Road she could see a white aircraft estimated to be about 2 miles ahead flying at a low altitude from the left to the right of her field of view. She was assuming that it had departed the American Falls Airport and was surprised that it was barely above the treetops that far away from the airport. She said that she watched the airplane flying at a low altitude and said that it started to turn and then went "straight down." She was surprised by what she saw and thought the airplane had crashed but said that she didn't see any smoke or dust. She said that as she drove by the area she thought she saw the plane go "straight down" that because she didn't see any evidence of a plane accident she thought that she must have seen a crop duster flying around or something. It was some time later that day that she was talking to her mom on the telephone about what she had seen and her mom told her that there had been a news report of a plane crash. She then called law enforcement in American Falls to report what she had seen.			
CONCLUSION, ACTION TAKEN, OR REQUIRED			
DATE 10/28/2019	TITLE Aviation Safety Inspector	SIGNATURE [REDACTED]
