

SUMMARY OF FINDINGS

Tealeye Cornejo

Air Safety Investigator (Field)

Western Pacific Region

Date: February 24, 2020

Person Contacted: Abigail Cahoon

NTSB Accident Number: WPR20FA086

Narrative:

A review of the airplane's logbooks indicated the last annual inspection was conducted on October 15, 2016, by Aero Resources at Columbia Airport. Inspector Cahoon contacted the company and was informed that they had not worked on the airplane since that time.

Aero Resources provided some names of people that may have worked on the airplane to Inspector Cahoon. Inspector Cahoon reached out to those individuals, and they all indicated that they had not worked on the airplane.

Contacted mechanics:

Mike Brown [REDACTED]

Had not worked on the airplane in 3 years.

Renner Brewer [REDACTED]
