

Andrew Swick
Aviation Accident Investigator
AS-WPR

Date: November 10, 2022

Subject: Autopsy Report Summary

An autopsy of the pilot was performed by Bennet Omalu Pathology, Stockton, California. The autopsy report was reviewed by the NTSB Investigator-In-Charge. According to the autopsy report, the cause of death was blunt force trauma, and the manner of death was an accident. The autopsy report also revealed, severe coronary artery disease which posed a serious hazard to flight safety, although there is no forensic evidence that it likely contributed to this accident.
