

RECORD OF CONVERSATION

Joshua D. Cawthra
Senior Aviation Accident Investigator
Western Pacific Region

Date: 9/21/2022
Person Contacted: Dennis James - Plain Parts
NTSB Accident Number: WPR20LA311

Narrative:

During a telephone conversation, Mr. James reported that during recovery of the airplane from the accident site, each fuel tank contained about 1 gallon of fuel, which was drained from the tanks to facilitate transport of the wreckage.
