FLIGHT TRACK SUMMARY

September 12, 2023

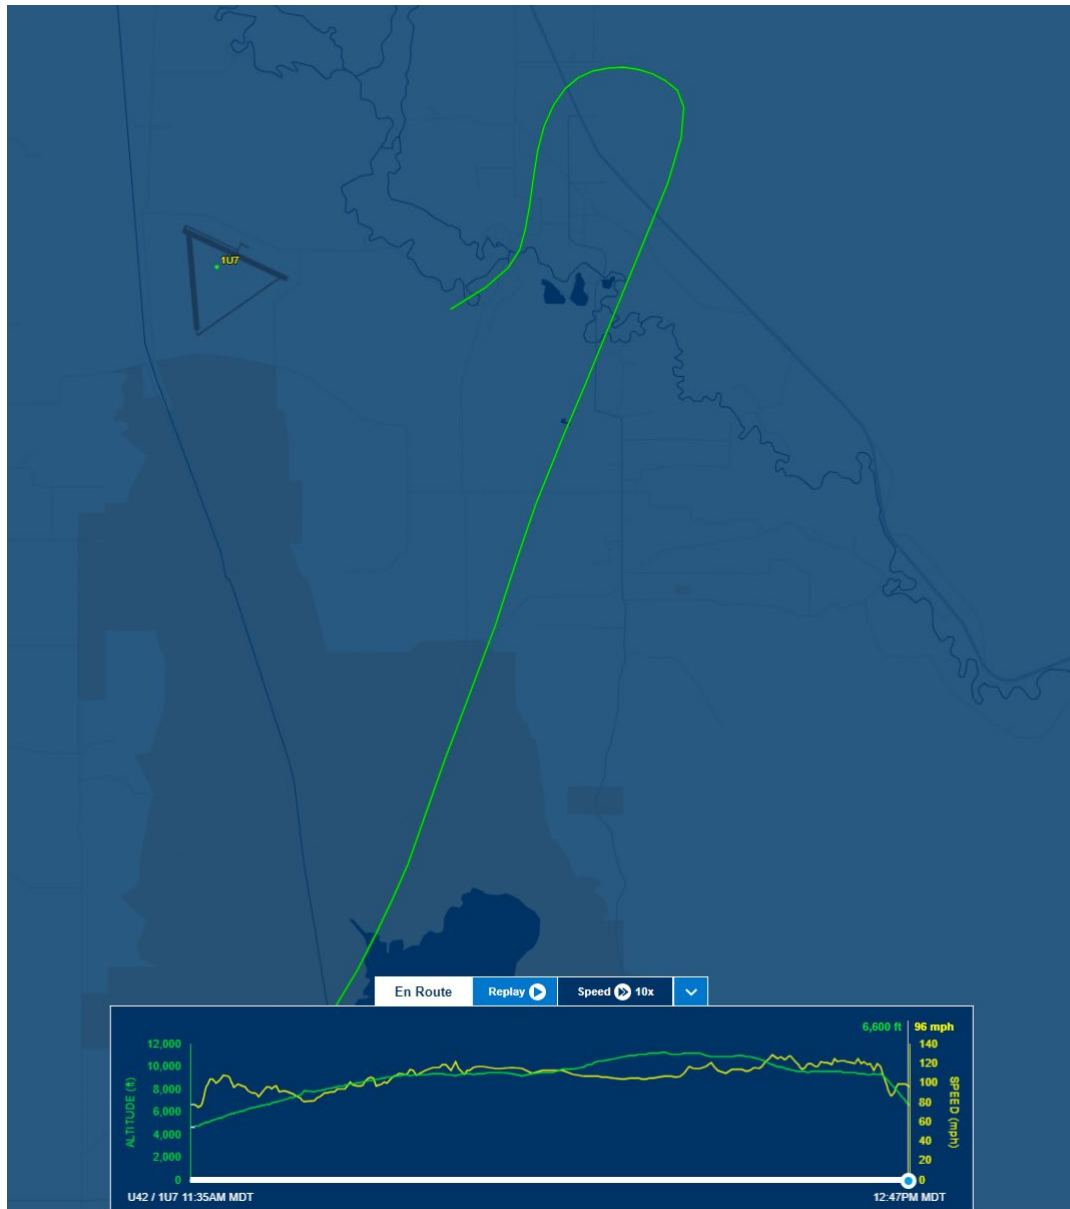

A. ACCIDENT

Location: Paris, ID
Date: May 29, 2021
Aircraft: Piper PA-24 N6334P
NTSB IIC: Tealeye Cornejo

B. FLIGHT TRACK SUMMARY

Straight line distance from the approximate location of the engine's loss of power event, to the nearest runway at 1U7 is 2.84 nm. ADSB flight track data shows that the pilot flew a winding s-turn toward the runway, which increased the distance needed to reach the runway surface.
