

RECORD OF CONVERSATION

Maja Smith
Aviation Accident Investigator
Western Pacific Region

Date: 6/24/2021
Person Contacted: Kevin Adkins (pilot)
NTSB Accident Number: WPR21LA246

Narrative:

The following is a synopsis of the information provided by the pilot in a telephone conversation following the accident on this date:

- Pilot took off at 0800PDT from Carson City Airport, Carson City, Nevada on his solo flight
- Upon 3rd landing, the pilot caught a gust of wind which resulted in the loss of directional control. Subsequently, the pilot veered to the left off the runway and the airplane came to rest in a ditch.
- Pilot reported bent wing (substantial damage) which characterized the event as an accident. He also reported there was no mechanical malfunction prior to impact.
