Date: August 2, 2022
Where: Elm Creek Airpark (0TX6), Seguin, Texas
Person Contacted: Anonymous
NTSB Accident Number: WPR22FA264

An anonymous caller contacted the NTSB Communication Center on July 28th, 2022, with information about the accident airplane. I contacted the anonymous caller and left a message to return my call. The caller contacted me on August 2, 2022. She stated to me that a few days before the accident, she was at her residence located at 0TX6, near the departure end of runway 14, when she saw the airplane. The airplane had stopped near her residence, and she assumed that the pilot had aborted the takeoff on runway 14. She walked out to speak with the pilot to ask if he needed anything. He had gotten out his airplane when he said to her that he had to relatch his engine cowlings and did not require any assistance. Soon after, the airplane departed runway 14 uneventfully and returned to 0TX6 about 45 minutes later.
