Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Front fuselage and engine area destroyed on impact. The aircraft was subsequently struck by a train and totally destroyed.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

On January 9, 2022, I started my takeoff roll on runway 120 from KWHP, all indications were normal. At approximately 200 ft the engine stopped, the propeller was not windmilling. I attempted to restart the engine to no avail, when I engaged the starter the prop would not turn. I only had enough time to line up and land on the railroad tracks just west of the airport. The tracks are parallel to the runway heading southeast.
