Description of Damage to Aircraft and Other Property *(Use additional sheet if necessary)*

Aircraft sustained major damage to all components ie. tail boom separation, separation of rotor blades, cabin, cockpit, engine and drive train damaged beyond repair.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Flight Team accepted a patient transport request at 1637Hrs (Pacific) on May 18, 2022. The Flight team, in N851AL, departed from St. Charles Hospital in Bend, OR, after dropping a previous flights patient off there. Departure from St. Charles was at 1653 enroute to Christmas Valley Airport (62S) arriving at approximately 1733. The pilot terminated the approach to a hover on the taxiway and hover taxied to the ramp area to rendezvous with Lake County EMS for patient transfer. The ground ambulance was parked (stationary) on the ramp as the helicopter approached.

According to a witness (Lake County EMS provider in the ambulance), the aircraft hovered above the taxiway towards the ambulance at approximately 4.5' above the ground. As the aircraft attempted to land, a very strong wind gust pushed the helicopter into a extremely nose low, tail high attitude in the direction of the ambulance. The pilot appeared to make a corrective input to prevent the rotor system from striking the ambulance by reversing the direction of the aircraft rearward. As the aircraft moved aft, another gust of wind (estimated to be 50mph by the witness) impacted the aircraft broadside. The aircraft then began to rotate and drifted well east of the intended landing area impacting the ground right skid first (which collapsed and separated from the aircraft) before flipping over possibly twice before coming to rest on its left side facing NE.

The Flight Nurse (Lee) extracted Flight Nurse (Backer). Lake County EMS and Sherriff extracted the pilot (McGarry) and Respiratory Therapist (Halsey). Crew was transported to St. Charles Hospital (Bend OR), two by ground, two by air.

Pictures taken at the accident site have been mailed on a thumb drive to Erik Ramseyer (FAA).

Nothing follows.
