

Elliott Simpson
Senior Aviation Accident Investigator
WPR-AS

Date: December 17, 2024

Subject: WPR23LA270

Contact: Jean d'Assonville, The Airplane Factory USA

In an email Mr d'Assonville relayed that the company has had no reports of similar cracks occurring in landing gear since the accident. Additionally, they have since upgraded their composite manufacturing facility due to their expanded use of composites in other aircraft, and as part of this process they have enhanced their quality control procedures.
