

Eric M. Gutierrez
Air Safety Investigator
Western Pacific Region

Date: September 8, 2023
Subject: WPR23LA303, Memorandum for Record
Contact: Andy Patrick, Inter-State Aviation

The following is a synopsis of the information provided by Mr. Patrick in an e-mail correspondence.

During the wreckage recovery of N964AL, an experimental amateur-built Cozy, the recovery personnel did not observe any fuel residue in the wreckage, detect any odor of fuel or recover any fuel. They did not observe any noticeable discoloration of the surrounding vegetation.
