Andrew,

I reviewed the information on my altimeter and although it does not list the time, it shows my jump beginning at 9,210 ft. I do remember looking at my altimeter before climbing on the railing of the balloon a few minutes before jumping and my altimeter displayed 9,990 ft, so we did descend 780 feet prior to the first group jumping. I hope that helps some.

Thank you,
Bill Wentz

Good afternoon,

Thanks for taking my call. Please reply with any photos or information you feel may help with the investigation.

-time of departure to the jump altitude

-altitude of the jump

Thanks.
