☐ In-Flight ☐ Fire at Unknown Time
☐ On-Ground ☐ Unknown

Description of Damage to Aircraft and Other Property *(Use additional sheet, if necessary.)*

Rotor experienced sudden stoppage due to contact with light pole. All structure has damage and all rotors including Tail Rotor has damage.

NARRATIVE HISTORY OF FLIGHT *(Please type or print in ink.)*

Describe what occurred in chronological order, including circumstances leading to and nature of accident/incident. Describe terrain and include wreckage distribution sketch if pertinent. Attach extra sheets if needed. State departure time and location, services obtained, and intended destination. Provide as much detail as possible.

Fight was a pleasure flight to Roch Harbor for brunch with wife. Pilot (me) intended on departing straight out to west over active runway but clear of all obstacles. When Pilot arrived at aircraft parked on ramp, there was large trucks parked all around to accomodate a video shoot in location of helicopter. After lifting straight up to 10' hover, Pilot heard and observed aircraft departing on runway 11 which Pilot was crossing to the west. Pilot decided to pause and move away from trucks and hold while traffic departed. Pilot did not see light pole that was located to the aft-right side of helicopter. Pilot moved aft and right which contracted light pole.

OPERATOR/OWNER SAFETY RECOMMENDATION *(How could this accident/incident have been prevented?)*

Pilot should have identified all hazards. The pilot failed to identify hazard in plan B when made decision to pause and move aft and right.

MECHANICAL MALFUNCTION/FAILURE (If more space is needed, continue on a separate sheet.)Was there Mechanical Malfunction/Failure? ☐ Yes ☒ No

(If yes, list the name of the part, manufacturer, part no., serial no., and describe the failure.)
