Sequence of Events:

Date: 4/10/2026

Departed KCOD approximately 8:45am (local) on RWY 22.

Weather: sky clear, winds light and variable.

Flew SW to Sheep Mtn (approximately 10 minutes).

Made low passes from different directions to assess potential landing area.

Made an initial landing from the east to the west.

Touched down, rolled out to the western end of the landing area and set up for a take off back to the east.

Departed to the east and set up for a second landing back to the west.

Touched down, rolled approximately 100ft and the plane went tail over nose, resting upside down.

We got out of the plane and did health assessments.

Turned off the fuel, mags and ignition switch.

Received a call from US Air Force Rescue (Florida) and ensured them all were safe and nothing on the ground was damaged. When asked, she agreed to call both Salt Lake Center and Park County Search & Rescue to let them know nobody was injured and no need to dispatch anyone to the site.

At approximately 9:45am, we left the area and hiked down the mountain.
